When the issue regarding the leasing of space from the Credit Union first surfaced some time ago, there was some doubt that GSA would be able to provide the necessary security support in the form of Federal Protective Officers. Consequently, along with the request for funds to lease the space, nine positions were requested for "Blue Blazers" to provide the necessary security for the facility. Since we have recently been advised by GSA that they will furnish Federal Protective Officers for this activity, the need for nine positions is no longer valid.

Recommend approval. The FY 1982 costs (\$1.2 million) are considered to be a high priority unfunded requirement and will be provided when necessary. Also recommend that action on providing the 9 positions that may be needed by Security for the NWFCU space be deferred until we know for sure that they will be required. No extra positions are available now.
